Philips Dies After A Brave Struggle

NOVELIST VICTIM OF MAN WITH EVERYONE SHOULD HAVE FANCIED GRUDGE-THE END CAME UNEXPECTEDLY

New York, Jau. 24.—Bavid Gra-ham Phillips has lost his brave fight for life. He died in Bellevue Hospit-al late touight, a victim of Fitzhugh al fate toolagh, a vector of rittings; Colye Golasborough, an accentric and emotional musician, who, although of refined taste and aristocratic Bouthern stock, shot the novelist down yesterday for a fancied grudge, then killed himself. Phillips fought, valiantly to live, but six bullet holes were too much even for his grit and sturdy condition, and as 11 o'clock came and passed he died.

He was conscious up to within an hour of his death, which occurred just at five minutes past 11 o'clock. At the bedside were his sister, Mrs At the bedside were his sister, Mrs. Carolyn Fervert, his orother, Harrison W. Phillips, his personal physician, Dr. Eugene Fuller, and Dr. Donovan, of Bellevue. The immediate cause of death was hemorrhage of the right lung, which had been plerced by one steel clad bullet from Caldslowench's automatic receiver. Goldsborough's automatic revolver.

Physicians Were Hopeful Up to 9 o'clock the novelist was reising quietly and both physicians and relatives were hopeful of the outcome. He had been conscious all day and had received visitors, among them his sister, brother, United States Senator Beveridge of Indiana, and several writers of note. Their visits were extremely brief, but all who me away appeared optimisite.
About 9 o'clock ofnight the patient

took a turn for the worse and al-though the surgeons did everything in their power, the end was inevita-ble.

TIME TO GIVE THE SHADES ATTENTION

It was at this time of the year in 1910 that the city council tried to impress upon the Dothau people the importance of transplanting the shade cross on their lots in order to save them from the axe of the side walk paving crew and those who heeded are now reaping the harvest while those who didn't have no trees left for shade.

The city fathers are now giving the
